

NEW TEMPLATES TUTORIAL:

With the custom theme builder in VSS, you have the opportunity to choose from 7 pre-made templates.

Step 1

While in your summit, on the left side, you will see a section labeled Summit Builder, to utilize the “Custom Builder”, simply select the middle button:

 Summit Details

 Speakers

 Email Templates

 Schedule

 Offers / Tiers

 Sponsors

 **Summit Builder**

 Manage Team

 Attendees

Create your summit landing pages. You can either select a summit theme, build your own custom pages, or embed your landing page using the embed code. X

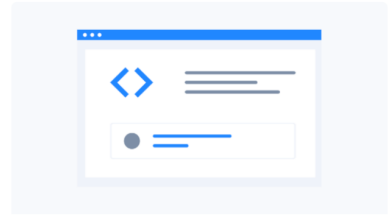

Quickly create your summit with our dynamic template.

Simplified Theme

Customize your summit page as you like.

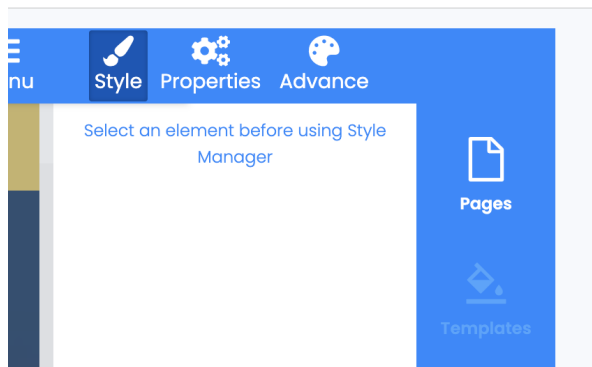

Build a Custom Page

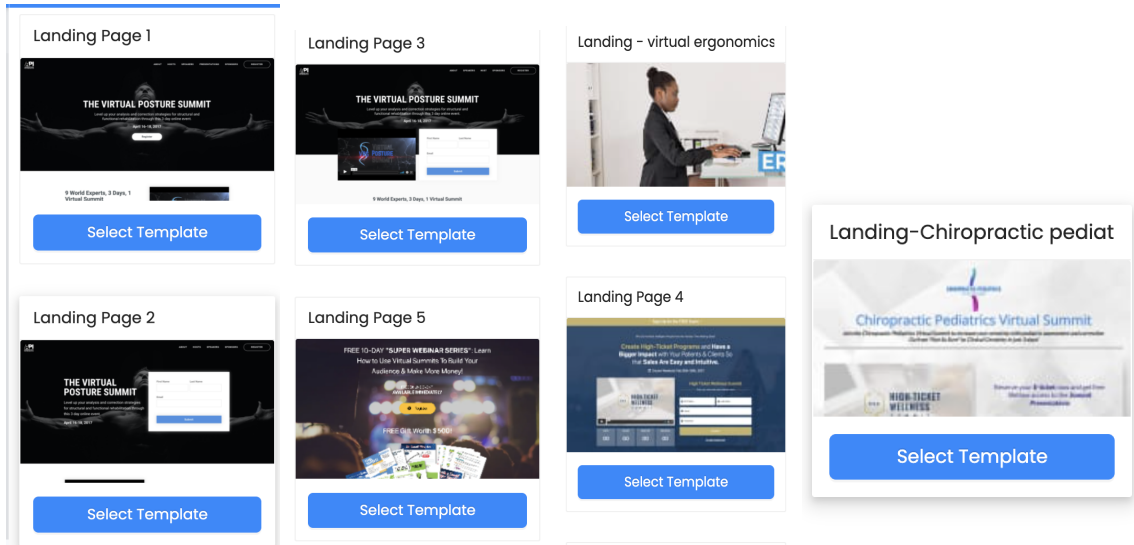

Paste the HTML and CSS of your page anywhere.

Get Embed Codes

Select the Templates Section on the Right Side:

Select your template of choice from the 7 examples we have created **(NOTE FOR TEAM, CAN WE PLEASE CHANGE THE ORDER TO BE IN NUMERIC ORDER?)**

Once you select your template of choice, you can easily customize each field, for further instructions, please see the video [here](#)
